

## And The Survey Says.....!

As we continue to look forward, we also keep an eye on the past. Getting to any place requires some sort of a road map, guide or directional light. We are fortunate here in New Seabury to have our own Rosemary Burns who is a wealth of knowledge about our past, and as you can see from this edition of the Peninsula Reporter, we've taken a trip back in time, thanks to Rosemary's library of past Peninsula Reporters and the New Seabury News Letters.

You'll see in this edition the results of a 1990 survey sent to New Seabury homeowners back then. Just for fun, we thought we'd send it out again, slightly tweaked for the times, but, generally speaking, very similar. Many of you may have responded back in 1990, but we'd like to see how you see things around here in 2010.

We'll offer the opportunity to respond on-line via our website, as well as by mail. The results will be published in the February edition of the Peninsula Reporter, and we will place them on the website.
